### Apa Source Documentation

A reference list is a complete list of references used in a piece of writing including the author name, date of publication, title and more. An APA reference list must: Be on a new page at the end of the document. Be centred.

### How to Cite Sources in APA Citation Format - Mendeley

When you use the words or original ideas of another person in your writing, you need to document, or give credit to, the sources of those words or ideas. If you use exact words from the original, quotation marks are necessary. If you paraphrase or restate the idea in your own words, don't use quotation marks, but document the source.

### APA Documentation - ACC Library Services

General APA Guidelines. Your essay should be typed and double-spaced on standard-sized paper (8.5" x 11"), with 1" margins on all sides. Include a page header (also known as the "running head") at the top of every page. For a professional paper, this includes your paper title and the page number.

### General Format // Purdue Writing Lab

The APA citation style is a parenthetical author-date style, meaning that you need to put the author's last name and the publishing date into parentheses wherever another source is used in the narrative. The APA format consists of in-text citations and a reference list, along with guidelines for formatting the paper itself.

Documentation means including select information about a source "in text" and including additional bibliographic information about that source in a "reference list entry." In APA Style, for every retrievable source cited in text, there is a corresponding reference list entry with that retrieval information.

Follow these directions when citing a secondary source: In the reference list, provide an entry for the secondary source that you used. In the text, identify the primary source and write "as cited in" the secondary source that you used. If the year of publication of the primary source is known, also include it in the text citation.

### Secondary Sources - APA Style

Blog posts, newspaper articles, posts from social media profiles, and YouTube videos are just a few of the sources that would display the full date. In an APA citation for web pages, it's written in this order, in parentheses: (Year, Month Day).

### How to Cite a Website in APA | EasyBib Citations

An APA in-text citation consists of the author's last name and the year of publication (also known as the author-date system). If you're citing a specific part of a source, you should also include a locator such as a page number or timestamp. For example: (Smith, 2020, p. 170).

APA 7th Style: Secondary sources Citing sources used in another publication In your research you will often encounter resources where an author refers to another researcher's work. This source within a source is known as a 'secondary source' and is referenced in a particular way.

**Secondary sources - APA 7th Style - LibGuides at ...**

An APA in-text citation includes only three items: the last name(s) of the author(s), the year the source was published, and sometimes the page or location of the information. References include more information such as the name of the author(s), the year the source was published, the full title of the source, and the URL or page range.

**Citing a Book in APA | Citation Machine**

Note: APA citation is about the source, not the location of the source. While these are examples of some specific online sources, most online sources will actually fall under other categories: articles, eBooks, reports, etc. Be sure to look up the guidelines for those source types. Specific Examples:
