### Disaster Hurricane Katrina And The

Hurricane Katrina, tropical cyclone that struck the southeastern United States in August 2005, breaching levees and causing widespread damage and deaths. Ultimately, the storm caused more than \$160 billion in damage, and it reduced the population of New Orleans by 29 percent between the fall of 2005 and 2011.

### Hurricane Katrina | Damage, Deaths, Aftermath, & Facts ...

Disaster demonstrates that the incompetent response to Hurricane Katrina is a wake-up call to all Americans, wherever they live, about how distressingly vulnerable we remain. Washington is ill equipped to handle large-scale emergencies, be they floods or fires, natural events or terrorist attacks, and Cooper and Block make a strong case for overhauling of the nation's emergency response system.

### Disaster: Hurricane Katrina and the Failure of Homeland ...

Hurricane Katrina was a large Category 5 Atlantic hurricane which caused over 1,800 deaths and \$125 billion in damage in August 2005, particularly in the city of New Orleans and the surrounding areas. It was at the time the costliest tropical cyclone on record, and is now tied with 2017's Hurricane Harvey. The storm was the twelfth tropical cyclone, the fifth hurricane, and the third major ...

### Hurricane Katrina - Wikipedia
