The Creation of Consciousness - YouTube

Further, Carl Jung (CW 9.2, para. 230) had already written that "cosmogonic myths are, at bottom, symbols for the coming of consciousness.". But the literature about the Eden story taking such a psychological approach is scant, largely due to traditional and problematic gaps and tensions between academic disciplines.

Jung in the Garden of Eden: A Myth of the Transformation ...

The self is an archetype that represents the unified unconsciousness and consciousness of an individual. Jung often represented the self as a circle, square, or mandala. Creating the self occurs through a process known as individuation, in which the various aspects of personality are integrated.

The creation of consciousness : Jung's myth for modern man ...

In Jung's view of the psyche, individual consciousness is a superstructure based on, and arising out of, the unconscious. Consciousness does not create itself - it wells up from unknown depths. In childhood it awakens gradually, and all through life it wakes each morning out of the depths of sleep from an unconscious condition.

Consciousness - a Jungian definition

More than a year ago a dearly cherished friend recommended a book which I have only begun reading recently by Edward Edinger called The Creation of Consciousness, Jung's Myth for Modern Man [1]. As the back cover describes, This is a timely and exciting book.

"The New Myth For Our Species: The Creation of ...

Dr. Edward F. Edinger's book: "Creation of Consciousness: Jung's Myth for Modern Man (Studies in Jungian Psychology)" is an interesting book to peruse in order to understand the metaphysical thought of the great psychiatrist Carl G. Jung. Dr. Edinger has done a good job interpreting Jung regarding the role of myth in modern society; however, there are some inconsistencies in the book that need to be clarified.
