The Invention of News by Andrew Pettegree | Society books ...

Fast forward quite a bit to the invention of the printing press in 1456, which is attributed to Johannes Gutenberg, and you have the beginnings of the mass dispersion of information, i.e. news. Fast forward again, to the 1920s, and we see some of the early developments in news media, as professional journalism standards are created and adopted.

A Brief History of the News Media (Print Journalism)

News Traveled Quickly After the Invention of the Telegraph . The practical importance of the telegraph was obvious, and in 1846 a new business, the Associated Press, began using the rapidly spreading telegraph lines to send dispatches to newspaper offices.
