The Semantics of
Colour: a Historical
Approach. By admin,
on May 30th, 2012.
written by by Dr C. P.
Biggam. For several
decades now,
anthropological
linguists have probed
and investigated the
various ways in which
humans describe
colour. This is not
simply a matter of
translation.

This is the sort of colour classification that speakers of many other languages may struggle to understand. To avoid overlooking a classification which is alien to him or her, the researcher into colour semantics needs to keep an open mind, and awareness of the various features of colour can help in this.
